**TARABUSI®**

CYLINDER LINERS  
PISTONS  
RINGS

*A long-lasting story ...*

# A long-lasting story ...

**TARABUSI®** and **AT®** mean quality engine parts designed, developed and distributed in order to satisfy international standard.

**1928** Mr. Amedeo Tarabusi arrived in Bilbao (Spain) from Italy, to represent the Italian piston manufacture company Borgo, introducing the AT trade mark.

**1940** Its status changed to Tarabusi S.A. and began manufacturing products with its own aluminum and cast iron foundries. Tarabusi was one of the few companies in the world designing and manufacturing the most important parts for an internal combustion engine: piston, cylinder liner and ring set.

**60s** Tarabusi was the real engine of the Spanish motor industry.

The international expansion of Tarabusi contributed to create an international brand called AE (Associated Engineering Limited). Members of this association were also: Pistoni Borgo Spa from Italy; The British Piston Ring Company Ltd, Hepworth & Grandage Ltd from UK; India Pistons Limited from India; Metallurgica Mediterranea from Argentina and few others.

In all these years **AT®** and **Tarabusi®** trademarks have been associated to the image of the most famous Spanish automotive icons from SEAT 600 to RENAULT 5 GT.

Tarabusi contribution to the development of new motor technologies has been a constant commitment as can be certified by various patents.

**1998** Tarabusi joined the Corporación Industrial Egaña, industrial group.

**2002** the industrial groups Corporación Industrial Egaña and GSB (Grupo Siderúrgico Vasco) merged to form CIE Automotive, one of the main player in the Spanish automotive industry.

OEMs such as Nissan, Knorr Bremse Group, Lister Petter, IVECO, R.V.I. , Suzuki, Waukesha Group, Guascor and Woco are supplied by Tarabusi.

**2008** Tarabusi signed an exclusive distribution agreement, for the Italian market, with Finimpianti S.r.l. an Italian company operating worldwide in the field of engine components.

This partnership allowed **AT®** and **Tarabusi®** trademarks to regain an important image in the Italian market.

**2013** following to the closure of Tarabusi, Finimpianti took over **AT®** and **Tarabusi®** trademarks and stock, in order to keep alive the visionary dream of a great Italian entrepreneur and to keep on supplying high quality products under the signature of **Mr. Amedeo Tarabusi**

*So the story goes on ...*

**Cylinder Liners - Pistons - Rings.**

**Quality engines parts for Cars, Vintage Cars, Compressors and Trucks.**

Powered by Finimpianti, **Tarabusi®**, **AT®** product line is designed to offer a wide range of engine components fully adaptable to the most popular engines for passenger cars, light commercial vehicles, compressors and trucks. Our Quality Management System satisfies international standard ISO 9001 with the scope of "design, manufacture and marketing components for internal combustion engines".

**TARABUSI®, AT®**  
(except Spain and Portugal)

PISTONI  
SEGMENTI

*Una storia che dura . . .*

# Una storia che dura . . .

**TARABUSI®** e **AT®** sono sinonimo di componenti motore di qualità progettati, costruiti e distribuiti per soddisfare gli standard internazionali.

**1928** Il Sig. Amedeo Tarabusi fu inviato dall'Italia a Bilbao (Spagna) come rappresentante della fabbrica di pistoni Borgo e introdusse il marchio AT.

**1940** Cambiò la ragione sociale in Tarabusi S.A. ed incominciò la produzione utilizzando la propria fonderia di alluminio e di ghisa. Tarabusi era una delle poche aziende al mondo a progettare e fabbricare le parti più importanti del motore a combustione interna: pistone, canna cilindro e serie segmenti.

**Anni 60** Tarabusi fu il vero motore dell'industria automobilistica spagnola.

L'espansione internazionale di Tarabusi contribuì a creare il marchio internazionale denominato AE (Associated Engineering Limited). I membri di quest'associazione erano tra gli altri: Pistoni Borgo Spa - Italia; The British Piston Ring Company Ltd, Hepworth & Grandage Ltd - Regno Unito; India Pistons Limited - India; Metallurgica Mediterranea - Argentina.

In questi anni i marchi **AT®** e **Tarabusi®** venivano associati all'immagine dei modelli automobilistici più in voga in Spagna, dalla SEAT 600 alla RENAULT 5 GT.

Il contributo di Tarabusi alla sviluppo di nuove tecnologie motoristiche fu un costante impegno testimoniato da numerosi brevetti.

**1998** Tarabusi si unì al gruppo industriale Corporación Industrial Egaña.

**2002** Il gruppo industriale Corporación Industrial Egaña e GSB (Gruppo Siderurgico Basco) si unirono per dare vita a CIE Automotive, uno dei più importanti operatori dell'industria automobilistica spagnola .

**2008** Tarabusi firmò un contratto di distribuzione in esclusiva per il mercato italiano con Finimpianti S.r.l. , azienda italiana operante a livello mondiale nel settore dei componenti per motore.

Questa partnership premise ai marchi **AT®** e **Tarabusi®** di riguadagnare importanza e prestigio nel mercato italiano.

**2013** a seguito della chiusura della Tarabusi, Finimpianti rilevò l'intero stock dell'azienda ed i marchi **AT®** e **Tarabusi®**, per mantenere viva la visione di un grande imprenditore italiano e per continuare a fornire prodotti di alta qualità con il nome del **Sig. Amedeo Tarabusi**.

*E la storia continua . . .*

**Componenti motore di qualità per Autovetture, Auto Storiche, Compressori e Camion. .**

Realizzata da Finimpianti, la linea di prodotti **AT®** e **Tarabusi®** è concepita per offrire un'ampia gamma di componenti motore completamente adattabili ai più diffusi motori di autovetture, veicoli commerciali, veicoli industriali e compressori. Il nostro Sistema Gestione della Qualità soddisfa lo standard internazionale ISO 9001 ed ha come oggetto la "progettazione, produzione e commercializzazione di componenti per motori endotermici ...".
